Dear Ms. Strawczyńska and Ms. Fabisiak:

Ambassador Mull has asked me to respond to your letter to him and to thank you for the warm welcome to Poland you offered him.

I commend your organization for seeking ways to improve family law, which is a difficult and complex area both in the United States and in Poland. As your interest in Washington and Massachusetts indicates, each individual American state has its own legislation and way of approaching these delicate issues. Although the Embassy does not represent the state governments, and therefore lacks specific expertise on their policies, our American Information Resource Center (AIRC) may be able to help you to research the topics you are interested in.

I have alerted our Public Affairs Section to your interest, and would recommend that you visit the AIRC website at <http://polish.poland.usembassy.gov/resources.html>, where you will be able to submit a request for assistance in getting more information about family law policies and practices in the United States.

I hope that you find this information useful and wish you and your organization success.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J.P. Schutte', with a long horizontal flourish extending to the right.
